

Hendee Enterprises, Inc.
The Innovative Solutions Company

FORCE¹² PROTECTION™ WARRANTY

Hendee Enterprises, Inc. warrants Force 12 Protection™, hurricane wind abatement product, to be free from manufacturing defects and to perform to tested loads as designed for the period of ten (10) years.

This warranty does not cover damage sustained from flying debris.

This limited warranty does not cover improper installation, misuse, or loads exceeding design.

Hendee Enterprises, Inc. shall not be liable for any incidental or consequential damages, loss or injury.

Hendee Enterprises, Inc. may repair or replace any warrantable defect at its discretion.

To claim on this warranty, contact our customer service personnel at our Enduro Division, 800-231-7275. Our office will put you in contact with your dealer for evaluation of claim or request that you forward to our facility in Houston for warranty or service repairs as appropriate.

Technical Specifications

Force 12 is made of 100% polypropylene $\frac{3}{4}$ basket weave material, 20 mil thick and meets the following criteria:

- ASTM-1682 for Tensile Strength 365-440 lb test
- ASTM D-2261 for Tear Strength 185-190 lb test
- ASTM D-3787 Burst Strength 710 lb/sq. in.
- ASTM D-3787 Puncture Strength 165 lbs test
- ASTM G-53 U.V. Resistance 90% test
- Meets Dade County, Florida requirements for large missile impact
- NOA #04-0413.04 Miami-Dade County, Florida, Expires 8/29/09
- NCTI-210-2310-2 Cyclic test with an impact resistant vertical membrane seam to Dade County PA203-94/Table 23F; positive 671 and negative 671 cycles
- PA202-94 Structural test (ASTME 330-90)
- Tests conducted PA201, PA202 and PA203 (with no deviations)
- Design Pressures +/- 60.0 psf.
- Static air pressure test to 90.00 psf.
